

# LETTER FROM THE DIRECTOR

Dear Loyal Supporters,

Once again, I must turn to you for financial assistance. This is never an easy task for me to undertake, but it seems inevitable that we will find ourselves with our backs against the wall. Desperate times call for desperate measures, and that is why I am writing to you at this time.

Unfortunately, Fried's is in desperate need of your financial support at this time. Donations over the last few months have steadily declined and we are getting behind on our bills. No doubt due to the present economy.

We have reduced our payroll by cutting back on everyone's hours. Besides our daily expenses for cat litter, food, and veterinary care, we also have utilities, taxes, insurance, supplies, and maintenance costs to contend with. At the present time, there simply isn't enough money coming in to cover all of these items. Our vet bill alone stands at \$5000!

This is where you come in. We are asking you to make any donation you can. Tell all of your friends and neighbors about our plight. We really do need all the help we can get.

I would like to say **THANK YOU** to all of you for your continued support. It is only through the generosity of our faithful supporters that we have been able to continue providing care for the little ones that call Fried's their home! If there is anything you can do at this time to keep the dream going, please do so **NOW!** As always, large or small, all donations are equally appreciated!

Sincerely,

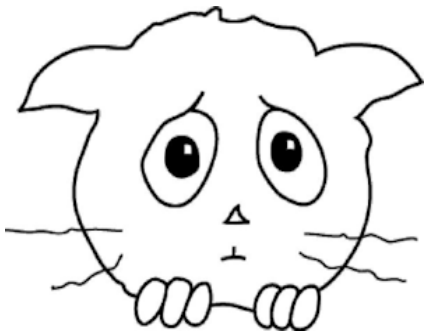

*Sandra O'Dell*
